

NEWS FLASH!

The Exceller Fund's newest horse, CLASS LIFE (granddaughter of Secretariat and Exceller that was pulled from an east coast kill pen), is *in foal!*

(Photo taken prior to her arrival in KY)

This discovery was made upon her arrival in Kentucky by a vet that often assists The Exceller Fund. Our research suggests the sire is most likely a Thoroughbred and her estimated foaling date is early 2011.

Despite where Class Life has found herself in the past,
she and her foal-to-be are now in a safe place...
but, they still need our help!

What could be more perfect for the holiday season than giving the Perfect Present...
