You may remember me from my stellar racing days. I could usually be found somewhere in the front! When my years at the track came to an end, my owners retired me and sent me to a place they thought I would be safe for the rest of my life. However, like so many, I “slipped through the cracks” and found myself skinny and wondering what was next. Thankfully, I was discovered and sent to live out my life with The Exceller Fund. I will never again have to worry about my future. I am safe. Unfortunately, this is not the case for many retired racehorses, even when they are retired with good intentions.

Tell us how much you enjoyed just helping the horses!

\$25 – Have some hay on me!

\$50 – I'm heading outside, I don't know when I'll be back!

\$100 – No time to stop and chat, I've got things to do!

\$250 – I'll be busy staring at beautiful horses the rest of the day!
